Credit Doctor is a unique credit repair software that overcomes the two biggest problems in debt management – the lack of organized credit report data, and the inability to communicate with creditors easily. Credit Doctor automatically downloads your credit reports and allows

you to organize and analyze the information found there. Once you have found the right creditor that you are interested in re-negotiating with, it automatically sends a letter (pre-written by the software) to the creditor, typically proposing to settle the current debt in exchange for some new debt. Credit Doctor's main advantage is the simplicity of its communication features. Credit Doctor is the only program that

offers a full-featured automation system for online credit reporting, automated contract negotiations, fully automated letter writing, and automatic debt analysis. This not only saves time, it is also extremely reliable and can help you to save large amounts of money! Financial Calculators: As Credit Doctor consists of an extensive list of powerful financial tools, most of them are included in its demo version.

Our extensive list of financial calculation tools includes: -
Balance Sheet Calculations -
Cash Flow - Fixed Debt
Calculations - Investment
Calculations - Contract
Calculations - Retirement
Calculations - Mortgage
Calculations - Tax Calculations -
Insurance Calculations
Organization and Planning
Tools: For organizing your debt
management data, you can apply
workflows, tags and advanced

search. Find the right balance between privacy and speed as you use this unique tool.

Budgeting Tools: In addition to analyzing your expenses, Credit

Doctor also allows you to prepare a budget automatically.

Negotiating Tools: Typically, letters sent by creditors are self-serving and are only half-hearted attempts to re-negotiate the debt. There are so many ways to communicate with a creditor other than a self-serving

letter, especially the ones that a debt management software can automate, and this is what Credit Doctor gives you! Credit Doctor Features: - Automatic Debt Analysis - Automatic Contract Negotiations - Communicating with Creditors - Financial Calculators - Debt Analysis - Debt Repayment Planner - Multi-Currency Support - Multiple Workflows - Multiple Accounts - Organization - Saving and
