I'm going to give it to you straight, and you can do anything you want to with it. When I was starting out, I was passionate about creating web applications that were simple, solid, and beautiful. I realize that hasn't been the case for many years now. Before I put down my guitar, I was on the frontlines of creating beautiful, performant, and functional web apps. I read countless books and blog posts written by (and about) folks doing great things with code. I learned the hard
