Players will use their instincts and knowledge of the game to "play" using the new version of Pro-Zone Control, Pro-Tactics Control and FIFA Players AI. There are also a host of gameplay enhancements and changes; a new Animations Engine has been built for greater animation fidelity, ball physics have been improved for better ball control and movement, and FIFA Players AI has been improved to deliver a more realistic and varied on-ball decision making. Announced new features in EA SPORTS FIFA 22 include: An all-new FIFA PES Evolution engine built to deliver more immersive, fluid and realistic gameplay. New game modes to replace the popular and existing Head-to-Head mode. New

gameplay elements for first-person viewing to give players a fresh perspective of the action. 21 new unique stadiums across four confederations: Confederations, CONMEBOL, UEFA and CAF. All new Kick-Off mode where you play to win and 10 new Training Missions to help players improve their skills before games. New Controller schemes and more than 100 real-world ways to play using up to eight different controllers. New customization options for players and teams. New card packs, training facilities, stadiums, player appearance, kits and more. Announced some of the key improvements to FIFA 22 in the areas of gameplay, presentation and AI: The all-new, more authentic FIFA engine enhances the player's on-field performance, making players more responsive, more intuitive and intelligent. The new FIFA engine is designed to allow FIFA 22 and the future FIFA games to

adapt dynamically to a player's skill level, knowing where the ball is at all times and exactly when to challenge the player. The new engine also includes new animations that have been optimized to provide greater fidelity and fluidity. The all-new controller scheme for FIFA 22 features eight unique controllers, including a stripped down version of the X-box controller that is worn like a glove. In-game text has been improved, making it easier for players to read on the field. The "FIFA Players AI" will now be more responsive, with player behavior on-the-ball more consistent. The new camera system makes the player's field of view feel more like a first-person view. The brand new "Player Close-Up" camera mode provides a more realistic view of players

What's new in Fifa 22:

- **FIFA 22 features one of the best goaltenders in the world, Brazil's Jálío Córdoba. Since joining the international squad in 2010, the goalie has become one of the best goalkeepers in world soccer.**
- **Rugby World Cup returns to the game with a featured title card, trophy and famous stadiums, including the 23rd staging of the tournament which was held in England earlier this year. It also introduces a dedicated "England" team faction with iconic stadiums and kits.**
- **New experiences return in this year's game. Fan features take centerstage, with five major experiences supporting the story and tactics that are guiding your play.**
- **FIFA 22 doesn't take away from the signature addiction of winning in FIFA 18, but changes around the core game dynamics to create a more authentic, responsive, and balanced game. With improvements to passing, creativity and dribbling, people can enjoy more attacking variety and scoring opportunities.**
- **A brand new ball physics system makes the game's ball feel more agile and responsive, producing an organic and unpredictable on-ball attack.**
- **FIFA Evolution Pro is back, with all-new control schemes including 12 new buttons and intuitive menus.**
- **Players now react to the challenges you're facing by changing their style to adapt to your situation and give yourself a competitive advantage. This is manifested as new player morphs that react to your actions with movement and player animations, while also reacting to your style of play to create a distinct playing profile for each of your players.**
- **A deeper squad management system now lets you build and break up your team as you wish, selecting players for your XI and re-assigning after matches.**
- **Retirement system has been upgraded, making picking a retirement icon more relevant in career mode.**
- **FIFA Ultimate Team XP**
