Mitsubishi L200 with Tractor Steering Ttractor's Crank by Honeywell.Case fatality during the first 3 months of 1988 emergency room visits at Shari'a hospitals in Saudi Arabia. The case-fatality rate was estimated from a prospective study of emergency room visits at 15 Shari'a hospitals in Saudi Arabia that are affiliated with teaching

institutions. From January to March 1988, 854 patients were enrolled in the study. The overall case-fatality rate was 31% (95% confidence interval, 26 to 37%). Case fatality by age group was highest for children and young adults and lowest for the elderly. The rate was 40% for children younger than 5 years and 12% for patients 5 to 14 years old.

Mortality was highest among the population of Arab minority in the southwestern province of Saudi Arabia and lowest among the Bedouin population in the southwestern province of Saudi Arabia, as well as in the urban areas in the north of the country. Case fatality increased with the severity of the illness, and 1.7% of patients with major traumas had a case fatality rate of 18%. Higher rates of admission, case fatality, and causes of death were found among patients who used ambulances rather than private cars. Case fatality did not vary with gender or by type of hospital.

Q: Wordpress: need to save a new html element, but can't insert as a child of the post content I'm trying to add a new wrapper to the post content as a child of the post content using the `_content` filter. So far, I've tried `add_filter('the_content','my_content_wrapper', 1); function my_content_wrapper($content){ $content = preg_replace('/ Occ13bf012`
