It was my first time. We sat at a table and Tony took a seat on my left side and Jim on my right side. We sat in front of a black wall where there was one small windows that had a green screen in it. The screen was green and black, and just like a movie the picture would change. I sat there like a little kid for about an hour, enjoying a good movie with my friends. When the curtain went up on the movie Jim looked at me and motioned for me to come to him. I knew there was something up by the way he was motioning for me to follow him. We went into another room with a table and chair. He motioned me to the chair and I sat down. Jim then stood there and motioned for me to stand up, and I stood up next to him. He motioned for me to lean against him. He then put his arms around me and just hugged me. I was so happy. He started kissing my neck and I was starting to get hot. Tony and Jim helped me out of his lap and I lay on the table in front of them. Tony started fingering my ass, I loved this. He then put a dildo on my ass, and I was enjoying it all. I was lying on the table with my legs spread so Tony could fuck my pussy. He was going real slow so I could enjoy it. My rock hard cock was out and Tony started to suck it. Jim was sitting in front of my cock now, he started eating my balls. Jim was really good at this. I was enjoying myself, Tony fingered my ass and fingered me at the same time.
