FIFA 22 also introduces 'Create-A-Player.' This is an entirely new addition to The Journey Mode in FIFA 22, allowing players to create their own player from scratch, with the ability to customise their presentation, skills, kits, team and club. This player can then be drafted and used as a main striker in FIFA Ultimate Team games. The Journey Mode also introduces a full range of new challenges across multiple modes and continues to provide a variety of official competitions, as well as user-generated content that can be shared online. This latest version of The Journey Mode will arrive as a free update for FIFA 18 Online Edition and FIFA 19 Online Edition owners in Spring 2019. "The Journey Mode has always been a fan favourite, and we're really pleased to be able to bring it to FIFA 22," said Oliver Monney, Chief Marketing Officer at EA Sports. "It's another really important addition to FIFA Ultimate Team, and provides our Ultimate Team players with more ways to earn FIFA Points and progress their journey to their fantasy football glory." FIFA 18 Online Edition, now available at www.easports.com/fifa, is an online sports gaming experience developed by EA SPORTSTM. The game is available for the Xbox One and the PlayStation@4 computer entertainment system. FIFA 18 Online Edition consists of FIFA Online 4, the FIFA Ultimate Team community, FIFA Ultimate Team Seasons, Skill Games and FUT Draft Mode.
