You are an adventurer of the star systems, you have survived on this lush planet through, Xenture World is a Sci-Fi mixture between the Yogscast's series FTL and Demon's Souls. Your neighboring planet is inhabited by a colony of dark magic that must be destroyed in order to ensure your survival. Take the form of the most powerful spellcaster, with 6 hives to discover inside each level. Travel around Xenture world on horseback, using multiple movement abilities to defeat hordes of enemies and collect loot, as you battle your way to the top level. About the developers: We're a group of young professionals who love making games, especially this game. • NYU Game Center grads and alumni Nicholas Moore, and Andrew Miller • MJ Hasting, a former colleague of Nick's from NYU Game Center and the creator of a highly original theme park game called Invasion! • Adam Ryan, who is the creator of the Youtube channel, We Got This • Xaci Henri, a longtime friend who has been recording his journey playing games on a Youtube channel called "cXaCon." • Eugenio Soto, a graduate of the NYU Game Center who is developing an ambitious voxel game called

Qwurm. • Zach Schalow, a friend of Nick's from college that developed FTL in his free time. He's the creative lead on this project. About the Game: • The game is about a horse you can ride across the world to defeat dark magic hives! • There are six hives that contain unique weapons and upgrades. • There are five boss encounters that share different storylines as you fight your way to the top of the game! • Explore and unlock an interesting storyline! • You can find creative ways to kill enemies! • There are a lot of loot and treasure to find for weapons, gear, and cosmetic items! • There are secrets! A lot of secrets! • There are achievements! • There are a lot of gun types and rarities! • There are funny sound effects • There are wacky animations • There is a lot of exploration • There are so many different enemies • There are different enemy tactics • There are different enemy types • There are boss battle mechanics! • There are a lot of cinematics • There are updates every Monday!
