feedback is a major concern in education, especially for the educators. it is a way of knowing the opinions of the students and parents. as a teacher, i can hear the comments of students and the parents about my class. this way, i can check their performance and adapt my teaching accordingly. students are also concerned about the feedback of their teachers. in this post, i would like to share with you my experience of giving feedback in class. every year, thousands of american high school students read a common selection of great novels, classics and modern works. today, we have selected 20 of the most popular books and highlighted ways that you can download versions for free. you will find more great works and sometimes other digital formats in our twin collections: 600 free ebooks for ipad, kindle & other devices and 550 free audio books. so please give them a good look over, and if we're missing a novel you want, don't forget audible.com's 14 day trial. it will let you download an audio book for free, pretty much any one you want. word of mouth is one of the most powerful forms of marketing. use social media to grow your business and learn from what others are doing: facebook youtube twitter linkedin pointmark's contact page

your goal: become completely fluent in your area of study. we want you to be able to access your material and analyze it with the precision of a scientist. that's the essence of fluency. it is the ability to read, write, talk and listen fluently. at springbok high school in paarl, students earn a diploma which is a national basic education

certificate, which is on par with the international baccalaureate diploma. college students can proceed to the associate diploma – which is also identical to the ib diploma in the universities – or the master’s degree – which is a more specialised piece of work.
