Publicidade O Ministério Público Federal (MPF) deflagrou nesta terça-feira (26) inquérito para investigar a ex-presidente Dilma Rousseff e cinco ministros do governo para compreender a compra de um apartamento de luxo na Barra da Tijuca, zona oeste do Rio. O inquérito foi autorizado em dezembro de 2016 pela ministra Cármen Lúcia, do STF (Supremo Tribunal Federal), em meio à Operação Lava Jato. Na época, Dilma e os outros investigados teriam sido mencionados na planilha da delação premiada de Léo Pinheiro, ex-presidente da construtora OAS, conforme apurou a Folha. A delação de Léo Pinheiro relatou que a propina de cerca de R\$ 10 milhões destinada a Dilma em 2014 veio de uma conta aberta na Suíça com a participação de seus ex-ministros Joaquim Levy, Guido Mantega e Romero Jucá. Na análise do ministro Luiz Fux, da Segunda Turma do STF, a partir da delação, houve questionamento sobre a compra do apartamento em Tijuca, na Barra. Por se tratar de um imóvel com plano 2edc1e01e8

CepheiQ Contact Manager

CepheiQ Contact Manager is a commercial contact manager that comes with a number of useful features, which allow you to create and manage multiple contacts from one simple place. The program features a simple interface, as well as a feature-rich set of applications. Simple and easy-to-use interface This is a paid version of the program. Therefore, you might find the simplistic user interface a bit awkward, but that is probably the price you pay for its added functionality. The program comes with a minimalistic interface, which includes a view of the main page and a pane, where you can create contacts. You can access a number of tabs, that include the Contact List, Address Book, Notes, Reports and Statistics. Configurable application The program comes with a set of features that allows you to customize how it behaves. For instance, you can assign one of the features to a button or keyboard shortcut, while the remaining ones can be assigned to a panel. The program supports basic functions, such as opening a contact, which displays the contact name and a couple of other details, such as email or phone number. It also lets you call your contacts or send SMS messages. Furthermore, you can generate and print email and SMS reports. Reports The program can generate reports based on various filters, such as name, gender, phone number, email or date, among others. Multiple contact details While CepheiQ Contact Manager provides you with a limited set of customizable details, you can also create complex contact entries by selecting a large number of contact entries. Furthermore, you can generate printable reports based on the filters you set. It is possible to access a variety of built-in functions. CepheiQ Contact Manager Pricing: The program is a commercial product, therefore you can purchase it by clicking the "Buy Now" button on the program's home page. Offline The program can be downloaded from The offline version of the program is not actively developed and is not supported. Download The program can be downloaded from The offline version of the program is not actively developed and is not supported. Install Unpack the program's archive using your preferred archive extraction software. You might need to change some folders' permissions first,

What's New in the?

Minimalistic user interface This application comes with a simplistic, yet somewhat buggy design, as some of its elements might overlap if you do not opt for the maximized window view. However, creating a new contact might prove to be a bit confusing, since the dedicated pane does not include a traditional Save button. Instead, you need to hit the Update button from underneath the New one, which also works when editing an already existing entry. You can access a couple of
